Kinetic Youth Academy

We opened in the Fall of 2006, and moved to Bel Air in the Fall of 2016.

KYA offers youth programs for movement, fitness, and tumbling. We offer preschool movement classes and Kinetic Enrichment Camp Mon - Thurs. We have fitness and Camp programs for home schoolers, too. Our fitness classes just for boys are high energy and challenging, as well as disciplined and fun.

Our expert tumbling classes are skill focused, progressive, and include technical gymnastics training for lasting skill acquisition and safety. Our new 1,760 sq ft spring floor allows us to train the highest difficulty tumbling skills.

KYA also offers awesome parties and special events. Our birthday parties are fast-paced, action-packed, and focused on celebrating the party child. We can create a custom event just for your group. Let us know what you need.

Kinetic Youth Academy has preschool movement classes for toddlers and 3-5 yr olds Mon-Sat mornings and some evening classes, too.

Our goal is holistic development: physical, social, and educational - in a safe, clean, positive, and fun environment.
